2nd March 2015

Dear Parents, Guardians, Carers and Students

RE: YEAR 11 AND 12 OP INFORMATION EVENING

No doubt you realise your son/daughter is about to enter an exciting part of their life. In November they will finish 12 years of formal education.

Your son/daughter’s post year 12 option needs to be well planned, considered and realistic in order to be successful.

The Senior Schooling Team would like to invite you to a session that will provide you with information about how to plan for success in 2016. This evening will be held Tuesday 10th March 6pm-7pm in the Auditorium.

The session will cover:

1. An overview of 2014 academic successes
2. The critical role of the Queensland Core Skills (QCS) Test
3. Life as a year 12 OP eligible student
4. Recommendations for maximising success for OP-eligible students
5. Queensland Tertiary Admission Centre procedures

I urge all families and students seeking university entrance to attend this important seminar. The evening will conclude by 7.15 pm.

Please note that there is limited parking on the school grounds but parking is available on Holland Road and in Newbolt Street. The map on the reverse of this letter indicates the suggested access route to the school auditorium.

Regards

Corrine McMillan

Principal
